# JustGrowth Conference Call - Equity, Bus Only Lanes, Measure M 2% ATP
August 28, 2018

Metro Equity Framework

Metro Equity Framework (pg 3, second pillar)

- A key step will be to establish a formal or informal advisory group supporting the equity platform, and to incorporate, as appropriate, the equity agenda into existing advisory groups.

- Upcoming working groups - Sept 11 Full PAC (open to public), Sept 25th 2-4pm PAC members + plus one only

Dedicated Bus Lanes

- In Measure M there is an $350M allocation for a Countywide Bus Rapid Transit program.
- BRT implementation relies on coordination between jurisdictions and Metro, as local jurisdictions oversee local streets and need to agree to dedicating a local street travel lane to BRT.
- IiP held an initial working group meeting, testing interest in a campaign on designated bus lanes.
- The working group is open for folks interested in advocating for dedicated bus lanes to join.
- Outcomes include supporting implementation of BRT corridors across the County.
- We want the working group to pick priority BRT locations and choose strategic campaign tactics.

**Measure M 2% ATP**

- First ever regional funding for walking, biking, vision zero, crosswalks and sidewalks
- **Cash Flow Analysis**
  - LA River Waterway and System Bike Path
  - Metro Active Transport, Transit 1st / Last Mile Program
  - Metro Bike Share
  - Metro Bicycle and Pedestrian Programs* (This is the one we have the least clarity on and would like transparency)
- What other partners thinking/doing on this
  - IIP has reached out to Jacob Lieb and Therese McMillan - and will be submitting a comment letter with our key concerns:
    i. What policy is being applied to this new regional funding?
       1. Where is the equity framework?
       2. What prioritization methodology is being applied?
    ii. Pace/transparency
       1. Given the pushback in timeline, how is feedback being incorporated to the new guidelines?
       2. Will there be an opportunity to change the current cash flow analysis?

**Future Events:**
- Tuesday, Sept 11th 1:30pm - Metro PAC Meeting
- Tuesday, September 25th Metro PAC workgroup meeting - Equity Metrics
- Next Measure M ATP 2% workgroup meeting?
